VOL. LVII: NO. 19. REDWOOD CITY, CALIFORNIA, SATURDAY, AUGUST 12, 1916 ESTABLISHED, 1859

SUPERVISORS HOLD REGULAR SESSION

The Board of Supervisors met in regular session Monday, August 7th, there being present Jos. M. Francis, presiding, Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The minutes of the meetings of July 17th and 24th were read and approved.

Dr. C. C. Pierce of the Public Health Service of the Federal Government, addressed the board in the matter of carrying on a campaign in the county to bring about the extermination of the squirrel. He informed the board that a squirrel showing symptoms of bubonic plague, had been killed on the Selby ranch, near Atherton, during the month of June, and he asked the board to make an appropriation to cover the cost of the campaign in the county.

While the members of the board expressed themselves as in favor of getting rid of the rodents, yet they could not see where the money necessary for the campaign could be secured at the present time. They decided, on motion of MacBain, seconded by Casey, to lay the matter over until the first meeting in September.

The report of the county auditor showing the aggregate amount of allowances that can be made against the several funds of the county during the month of August, was received and ordered filed.

The report of Miss Anna Bell Bailey, county librarian, showed expenditures for the month of July of $234.21, was received and filed.

The report of Newton Peck, horticultural commissioner, for the month of July, showed that he had inspected 2601 trees, shrubs and plants, 500 of which were found to be infected with the "Mealy Bug."

The following persons having complied with the county ordinance and furnished the required bond were granted liquor licenses:

First Township—A. G. Ramacotti, Colma; Adolph Guisto, Pedro Valley; Carl H. Lovegreen, Millbrae; Sam Hutchinson, Colma.

Fourth Township—G. Patroni, Halfmoon Bay; A. Boitano, Halfmoon Bay; H. L. Martin, Farallone; W. A. Maloney of Redwood City, was granted a Class B, liquor license.

The application of Henry Kopp, for a Class A liquor license at Visitacion, was denied on motion of Casey and MacBain. The application of Adams & Bacon for a class. A license at Belmont was laid over for 30 days on motion of Brown and MacBain.

The following applications for liquor licenses will be acted upon a month hence:

First Township—Anglo Stampononi, Colma; Lorenzo Guidino, Pedro Valley; E. H. Damann, Pedro Terrace.

Second Township—Oscar Curlin, San Mateo.

Halfmoon Bay; L. Fau, Halfmoon Bay; A. T. Gilcrest, Halfmoon Bay; Edward Rider, Halfmoon Bay.

Fifth Township—Antone Bennett, San Gregorio.

A communication from R. C. Merrill of Campbell, Cal., asking the board to reimburse him to the extent of $100 for damages resulting from moving a fence and changing an irrigation ditch on the property of one of his tenants during the construction of the San Gregorio road about four years ago, was received and ordered filed.

A communication was received from the Mayor's office in San Francisco, asking the board to submit a report showing the personnel of representatives to conference to be in the city for uniting San Francisco and Sar Mateo counties. The communication was ordered filed, on motion of MacBain, seconded by Thompson.

A communication from Dr. Bertha A. Saunders of North Palo Alto, complaining about the large number of squirrels in the vicinity of her place, was received and ordered filed.

A communication was received from Eaton & Smith, contractors in charge of the construction of the Hillsborough to Lakes road, asking for an extention of 60 days in which to complete their contract, on account of their inability to obtain lumber, the extra rubble wall construction and the added grading. On the recommendation of Engineer J. V. Neuman, and on motion of Brown, seconded by Thompson, they were granted an extention of 30 days.

A petition signed by C. T. Nye and others, tax-payers and residents of the Montara Lighting District, asking for the installing of seven additional street lights in the district, was received and granted, on motion of Brown, seconded by Thompson.

A communication was received from the Spring Valley Water Company, informing the board that the agreement between the city of San Bruno, the county of San Mateo and the Spring Valley Water Company, had been recorded on July 10th. The communication was ordered filed.

A communication was received from Tobin & Tobin, attorneys of San Francisco, relative to the abandonment on the part of the county of an old road no longer used and passing through the property of Mrs. Mary A. Tobin, also relative to the construction of a fence along the boundary line and through the Tobin land. Both the above conditions were contained in a deed placed in escrow in the First National Bank of Redwood City at the itme of the granting of a right-of-way on the part of Mary A. Tobin to the County of San Mateo.

District Attorney Swart who was called in the matter, stated that County Surveyor Neuman was preparing a description of the roads to be abandoned, and that as soon as this is received, he would prepare the necessary proceedings to bring about the abandoning of the said roads. Swart stated there was no condition in the deed providing for the building of fences. The matter was placed in the hands of the district attorney.

Supervisor MacBain called attention to two bridges on an un-used road that were in a dangerous condition and liable to go down at any time. District Attorney Swart said he would prepare the proceedings for bringing about the abandoning of the roads in question at once.

County Engineer Neuman presented plans and specifications for a concrete culvert at the corner of Watkins avenue and the Middlefield road to take care of the storm waters from the Atherton ditch. The plans and specifications were adopted, on motion of MacBain, seconded by Brown, and the clerk was instructed to advertise for bids.

County Surveyor Neuman addressed a communication to the board, showing the cost of widening the Atherton ditch for the purpose of carrying off the storm waters, would be $2943. A part of the ditch had been widened by private subscription. The communication was ordered filed and continued until the meeting of August 14.

On motion of Brown, seconded by MacBain, the county engineer, was directed to confer with the State Highway Commission, relative to the plans for taking care of the drainage along the new highway that is being built below San Carlos.

A resolution, presented by Attorney Lee T. Ross, setting apart for the use of the Law Library the room on the second floor of the court house marked "Law Library," was adopted, on motion of MacBain, seconded by Thompson.

On motion of Thompson, seconded by MacBain, County Engineer Neuman was directed to prepare plans and specifications for constructing a water tank, installing pipes and an

Governor Johnson is Scored In a Sensational Editorial

Argonaut's Summary of the U. S. Senatorship Fight, Giving Facts Leading Up to the Latest Political Move, Has Voters Talking

Governor Johnson is not entitled to the Republican nomination for United States Senator. He is not a Republican but a Progressive. He has done all he could to destroy the party whose nomination he is now seeking. No Republican objects to Mr. Johnson seeking the Progressive nomination for the Senate. He has that right but when he attempts to purloin the Republican nomination it is time to call a halt. Every Republican is urged to stand by their standard bearer, Willis H. Booth. A recent editorial appearing in the San Francisco Argonaut scores Johnson for his attempt to steal the Republican nomination. It is as follows:

"The political activities of "Hi" Johnson, always insincere are now becoming grotesque. For years the Senate has been his objective. To aid his ambition he annulled the wise law disqualifying a Governor from being a Senatorial candidate lest he prostitute his enormous patronage to his personal ends, as Johnson has so often done. Avowedly Johnson wanted the Senatorship at the last general election, but the Progressives needed him in the gubernatorial contest, and his friend, Mr. Phelan, needed him out of the Senatorial contest, so he gave way and "sent the word down the line" to vote for Phelan. The result was to rob the Republican State of California of one of the two representatives in the most important national legislative chamber.

"Embittered and disappointed at Chicago, finding no job and no assurance of future "eats" at the national crib, his old ambition once more stirred his being and he decided to run for the Senate. But even so, in his candidacy he is characteristically disingenuous. It is not in the tortuous nature of our Governor ever to be forthright and manly touching his own desires. Ever since his Chicago disappointment the plans of Johnson have not been a matter of speculation to the elect. Word was sent that he would be a candidate and that they must make ready to stage the great event. For Johnson must always be heralded by a circus calliope and lime-lighted as reluctantly accepted a candidacy in response to a "universal popular demand." A famous apothegm of Bismark is that "to be successful a war must be popular, and to be popular you must make your people believe that they are attacked." Johnson's pinchbeck political imitation of this is that "a candidacy to be popular must be demanded by the people, the candidate must appear as making great personal sacrifices for the people, and the dear deluded people will then reward these sacrifices with their votes."

"So with everybody "in the know" advised of the real object of the meeting, Johnson solemnly calls a "conference" of the Progressives. They met Saturday last.

"It is the duty of every Republican to take immediate notice of what this candidacy and its success portend. The Republican party welcomes the return of every Progressive, as it has welcomed the return of Roosevelt. But singlehanded it has fought the good fight for its principles and its existence against all the efforts of those same Progressives to destroy it. And in California, no more than in Chicago, will it at this time put those Progressives in the seats of power. It knows what they have done in the past, it fears what they may attempt in the future.

"So aside from the shame of the great Republican State of California, should it have for its Senators one Democrat and one partyless filibuster, the national consequences may be grave. Conceding the election of Mr. Hughes, he cannot give the Nation the benefit of Republican policies unless strongly supported in both houses of Congress. The Senate will be very close. There is an imperative need, which every Republican should realize, of electing a stanch and true Republican to uphold the President, rather than a political Hessian who pirates of the rights of the people with his mouth, while walking on them with his feet.

"And Republicans should also give thought to the nature of that candidacy. Will Johnson resign the Governorship? Never. He will, however, appoint some southern man as Lieutenant-Governor, hoping to win support in the south. Will he run only as a Progressive? Not for an instant. He will have his friends employ the crooked political machinery he has devised to put him on the Republican ballot. He will try for the Republican nomination, and he will also try, as he has successfully tried in the past, to steal again the party organization, through control of the Republican State Central Committee.

"Here, then, is the candidacy of a man without a party—for by his own statement the Progressive party is nationally dead—a man who has repeatedly declared that the Republican party is not fit to live, who has done his utmost to rob, despoil and destroy it; who has filled the Nation with course abuse of its last President and the last Republican Presidential nominee, Mr. Taft; who has pubicly, in Chicago, sneered contemptuously at its present candidate, Mr. Hughes—this man seeking to go to the United States Senate as a Republican. Can effrontery more affront?"

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

FOR PRESIDENT

Charles E. Hughes

FOR VICE PRESIDENT

Charles W. Fairbanks

FOR UNITED STATES SENATOR

Willis H. Booth

FOR SUPERVISOR

John MacBain

While Governor Johnson is going about the State assailing the men and women of the Republican party of California in one breath and asking for the Republican nomination for United Senator in the next breath, the Republican State Campaign Committee is urging the nomination of Willis H. Booth of Los Angeles as the man preeminently qualified in every way for the honor and as one who would be a worthy representative of the party in the upper house of Congress, where Hughes will be most in need of genuine Republican support. The Committee insists it is only fair to the voters of the State that the Republicans shall have a Republican candidate on the ballot in November.

Governor Johnson being a Progressive will have no contest for the nomination in his party and is therefore certain of a place on the ballot. However, he would subvert the primary by seizing the Republican nomination also if he could.

Franklin V. Keesling, Chairman of the Republican State Central Committee, who presided over the Statewide Republican conference of Republicans in San Francisco a week ago, at which Booth was endorsed for the Republican nomination, has just issued the following statement of facts, which shows the inconsistency of Governor Johnson's campaign:

"The leadership and the rank and file of the Republican party need no defense at my hands from the attacks of the Governor. I commend to the attention of the Republicans of California the statements of the Governor in this connection, in order that they may have at first hand the attitude of this man in his continued effort to wreck the party, of which he boasts that he is not a member and which he has for five years attempted to wipe out of existence.

"The Republican party of California is in clean hands. It is uncontrolled by any influence, other than that which makes for the orderly, sane and wholesome development of good government. It is not only absurb, but ridiculously untrue that it is serving the interests. If it were desired we might point out some of the very patent phrases as to 'interest serving' of the Presidential primary campaign, but that is not necessary at this time. It may be said, however ,that the Republican party of California is far and away above the personal ambitions of any man. It is not dominated by the uncontrollable personal demands of any person, whether he occupies the exalted position of Governor of California, or whether he be only a toiler in the ranks.

"The Governor's memory must be failing him. He apparently has forgotten recent events at Chicago and the occurences political in this State just preceding the Chicago conventions.

"The Governor does not recall, or does deliberately withhold the fact that the Republican party of California held a great State conference here, at which it selected a ticket of twenty-six delegates to the Republican National Convention. This ticket was openly attacked and fought at the primary election by the Governor and all of his State organization, fed by the immense patronage which he has used and most ruthlessly built up in the last five years, so far as the State treasury is concerned.

"The Governor fails to tell the people of California that his attack failed; that those delegates, representative men and women, not a few of whom had never taken anypart in political activities, but were there in the interests of clean and decent politics, were elected by tremendous majorities.

"The Governor also fails to tell the people of California that those whom he has assailed as 'interest-serving', as 'machine-guided' and as 'corporation-ridden' citizens of this State, went to the Republican National Convention absolutely open-minded and ready to serve but one interest, that of the Republican party and the people of the State and the Nation, by voting for the best man in the United States that could be selected as the party standard bearer.

"The Governor fails also to tell the people that these same men and women he has assailed in public, did do their duty by the party and by the people by leading the landslide which gave to the party and the Nation the nomination of Charles Evans Hughes

"Those are some of the reasons why the Republican of California refuse to tolerate Hiram W. Johnson's program to sieze the Republican nomination for United States Senator.

"Governor Johnson has no monopoly upon the decency in our California citizenship. There are many hundreds of thousands of people in this State whose standards are just as high as his are. And there will be found in the leadership of the Republican party and in its membership many thousands of men and women who are just as willing and ready to defend their good name against the assaults of this professional job chaser as he is willing, only too willing, to attack them."

CONGRESSMAN E. A. HAYES HERE FOR CAMPAIGN

Congressman E. A. Hayes has just returned home from Washington and will enter the political campaign at once as a candidate for re-election in this, the Eighth Congressional district.

As our near-by neighbor (he lives at San Jose when his political duties permit) Congressman Hayes is well and favorably known to this community and has always received the full Republican and a liberal portion of the floating vote.

As a newspaper owner, publisher and man of large affairs generally Mr. Hayes has the very highest standing. In his political moves he has been fair, broad-minded and commands great confidence. He generally comes in a victor and secures for his constitutents all there is in the political game as it is played in Washington.

This is equal to saying that there are not many tricks that get by Congressman Hayes. He has had vast experience and is well informed. People trust him— believe that he does all that one man can be conscientiously expected to do without offering himself up as a political martyr.

Personally he is approachable, well-liked. He has a merry twinkle of the eye, a genial smile. His more intimate acquaintances class him as a jolly good man.

A vote for E. A. Hayes (Eighth Congressional district) for re-election would be a vote well cast.

"I WANT EFFICIENCY"—HUGHES

Legal Training Necessary for Law-Maker

Candidate Charles E. Hughes said in his Detroit speech: "I want efficiency in the Government of the United States. If you wanted to run successfully a large business enterprise, would you appoint a man who had never seen the works, but whose only claim was that he voted your ticket?"

If you are going to elect a lawmaker will you consider a knowledge of the laws and experience with legal subjects and business a necessary qualification?

The late Henry Ward Brown, for sixteen years Assemblyman from this county, was a lawyer, and his influence and good work in the legislature was largely due to his knowledge of the law and the laws' relation to business and industrial conditions.

Among the candidates for the Assembly at this time, there is one, John D. Willard who is a successful lawyer of eighteen years experience and who knows the needs of the State at large and of this County in particular in the way of laws and and law-making.

There is great need of change in our judicial machinery which will remedy the delays of the law.

Our street laws will be changed at the next session of the legislature as there is a movement on foot by the City Attorneys of the State for certain changes. Will it not be well to have a trained lawyer on the job, who understands the subject, to protect the property owners' interest? Many laws will be passed by the next legislature upon many different subjects. Only a trained lawyer can tell how a proposed law will be construed and applied by our courts or what its effect will be.

Only a trained lawyer can detect "jokers" and imperfections in a proposed law. Special knowledge and ability make for efficiency. We submit John D. Willard is the best qualified candidate for the Assembly and as such we urge his election.

John MacBain is certain of election, it's a case of how much his majority will be. His successful administration of the affairs of the third township during the past four years entitles him at re-election. His opponent, Harry E. Hallett of Portola, is a very estimable gentleman. Not a word can be said against him. He no doubt would make an excellent supervisor but Mr. MacBain has done such good work in road building in the township and by experience has gained useful knowledge as to the material to be used and its application that he should be continued in office in order that the good work begun by him should go on. A new man would necessarily have to acquire the knowledge possessed by Mr. MacBain in constructing suitable highways and in doing this the road district might suffer. Mr. MacBain is thoroughly familiar with all conditions in the township and is better equipped in every way to secure the best results. By all means he should be kept in office.

The Republican women of California are rapidly being organized under the leadership of Mrs. Abbie E. Krebs, chairman of the Woman's Auxiliary of the Republican State Central Committee.

Alameda, Colusa, El Dorado, Lassen, Los Angeles, Marin, Modoc, Mono, Napa, Sacramento, San Diego, San Francisco, San Mateo, Santa Barbara, Shasta, Sierra, Sonoma, Tehama and Trinity counties report large organizations. The work of forming an executive committee from the various localities in the several counties with a chairman for each county is in progress and the names of these officers will be announced in the near future.

The withdrawal of Judge Bordwell from the senatorial contest means the nomination of Willis H. Booth and his election in November. The graceful manner of Mr. Bordwell's retirement has won him many friends throughout the state. Had he remained in the contest, he no doubt would have defeated Booth. He saw this and withdrew in order that a Republican might be elected. Mr. Bordwell is an unselfish man, one who can place his party's success above self interest.

Mr. Bordwell is the biggest man, politically, in California. Already his friends have started a campaign for governor for him two years hence. Such men as Judge Bordwell are entitled to the highest honor the people can confer upon him.

SAN CARLOS BEACH RESORT SOON TO BE FINISHED

Foundation for Ohio Building at the Exposition Being Rushed

For several weeks a gang of men have been engaged in putting down the piers and foundation at Steinberger creek near San Carlos for the Ohio building. The work is about completed. The building will be shipped down from the city in a few days and placed in position. The structure was one of the largest buildings at the exposition last year. San Carlos will soon boast of one of the best bathing resorts in the county. The San Carlos Syndicate is sponsors for the place, it having bought the building and sufficient land to make an attractive resort.

Ralph Hansen Can Fly

Ralph P. Hansen, the young graduate of the Christofferson School of Aviation of Redwood City gave his farewell flight here Monday evening. The flight was perfect only being interrupted by darkness.

Leaving the ground very rapidly, Hansen soon climbed to two thousand feet at which he circled the town. It was a mean evening,one seldom seen in Redwood, a cold wind blowing from the west, but this only gave the birdman a chance to prove that he was the master of wind and machine.

Hansen is all packed up and ready to fill his first engagement. We all wish him luck and will give him the best of recommendations. Hansen surely can fly, this we know because we have seen him.

Mrs. Timothy Guy Phelps Home

Mrs. Timothy Guy Phelps, who went East last May to attend the national convention of the Woman's Clubs of the country, arrived at her home in San Carlos yesterday. While East she visited friends in Boston, New York and other places. Mrs. Phelps had a most delightful time enjoying every moment of her long travels. The last few weeks the heat was extremely distressing and this is one of the reasons for her early return. Mrs. Phelps was glad to get back to and enjoy the cooling breezes of the peninsula.

PROTECTION FOR TAXICAB OWNERS

J. D. Smith Will Keep the Streets Neat. Number of Fire Hydrants Need of Repairs.

An unsigned communication addressed to the board of town trustees referring to the growth of weeds along sidewalks and containing several uncomplementary references caused the board to pass a motion Monday evening instructing the clerk not to bring unsigned communications to their attention. Admitting that there was some merit in the complaint the board did not deem it proper to act unless the one making the suggestions had sufficient interest in them to sign his name. No action was taken on the communication.

J. F. Ford representing the local taxicab owners brought to the board's attention the need of protection for the local men in that business from the large number of outsiders who are being ruled out of other near-by fields and coming here in large numbers. Also he desired to have remedied the practice of intertown jitneys leaving their regular routes to do local business. The local drivers and tax payers are anxious and willing to pay a license to protect themselves and it was the unanimous expression of the board that they should be given protection. Trustee Tuchsen believed that as the taxicab men were most familiar with the situation it was their duty to present some definite plan for the board to adopt and he believed any reasonable request would meet with the hearty response of the board. City Attorney Mansfield will cooperate with the local men in preparing the necessary legislation for their protection.

Blanchard Brown Company, street contractors, were given 15 days more time in which to finish their contract on East Brewster avenue. They requested 30 days because of delay in getting suitable materials but as the work had advanced rapidly during the last few days, Trustee Tuchsen suggested an extention of 15 days which was granted.

J. D. Smith, who has the street sweeping contract offered to sweep Webster street from Broadway to the bridge for $.75 per sweeping. His offer was accepted and he was instructed to sweep that portion of the street twice a week.

Three Corey type fire hydrants were ordered purchased, one to be installed upon arrival at the corner of King street and Brewster avenue.

Resolutions for the improvement of portions of Arlington Road, Woodstock Place and Edgewood Road were adopted. Bids for sewers, grading, water bound macadam with an oiled top, curbs and sidewalks were called for returnable August 28.

Fire Chief Ryan reported that all the fire hydrants in the city had been inspected and a number found in need of repairs. Superintendent of Streets Dickey was instructed to immediately make the necessary repairs A motion was passed ordering that all fire hydrants be inspected once a month.

The Marshal and ex-officio Tax Collector's report of collections for the month of July was as follows:

Water rates	$1718.30
Water connections	30.00
Liquor licenses	2695 00
Nomination fees	110.00
Miscellaneous licenses	374.00
Advance claims	22.75
County delinquent tax	1092.65
Taxes	4.94
Total	$6047.64

Treasurer Towne's report showed $3201.34 in the general fund, $2,-187.90 in the water fund, and $755.85 in the fire apparatus fund. This shows a steady substantial increase of balance in the water fund which has been taking care of the various extentions of the municipal water system. The balance in the fire apparatus fund is left after all bills for new apparatus have been paid.

A partial report from the city engineer gave his estimate for the flood gates at Bradford street as $893.22. His total estimate for necessary excavation and straightening channel near gates and for the gates was $1305. Plans and specifications have been forwarded to Washington for approval.

The need of a light on Broadway between Dewain and Elwood streetts was brought to the atention of the board by J. F. Ford. City Electrician Ryan was instructed to hang a lamp so as it would not be obstructed by the trees.

The new water rate ordinance came up for final reading and was adopted.

After allowing the usual monthly list of claims the board adjourned until Monday morning at 10 o'clock when it will meet as a board of equalization to pass on exceptions to the valuation fixed by the city assessor.

Farewell for Father Cantwell

A farewell reception was given the Rev. William J. Cantwell of San Bruno on Thursday night, August 4. The reception was a complete surprise to the devoted pastor. He was presented with a purse of $170. The presentation speech was made by Frank S. Drady. Father Cantwell made a most felling response.

FOUR MILLION DOLLARS PAID OUT AS WAGES

Industrial and Financial Showing Made by Frank Tannery Scores High Record

BY W. H. ADAMS

What is a manufacturing industry worth to a town?

So far, S. H. Frank & Company say, theirs has been worth four million dollars to Redwood City in the one item of wages.

S. H. Frank & Company is the official title. The plant itself is known as the Frank tannery and has been in operation here for the past thirty-five years.

The concern pays wages once a week and never miss a payday. In this manner four million dollars have been passed out on salary account since organization.

Well, four million thus passed around helps a town some. And besides, the company keeps right on and the money flows steadily along as usual.

Good luck to you, gentlemen, you are a great standby. And here let it be noted that it has been the writer's pleasure to know Mr. A. J. Marcus, now at the head of the above institution, for the last forty years—first as an extensive importer of chemicals, at San Francisco during the 70s, when Mr. Marcus was a recognized leader in that line of commerce. Our word for it, Mr. Marcus is a gentleman and his splendid influnece pervades the whole establishment.

COMPANY AND PRODUCTS KNOWN AROUND THE WORLD

The Frank tannery is not only the largest California concern of its kind but one of the largest in the United States. At present one hundred and fifty men are employed and the tannery is working to capacity on its specialty, heavy grade leather—harness, skirting and sole.

These products, of recognized highest standard, find the world for a market. Regular trade channels, government and export orders, keep the tannery speeding up all the time.

This "speeding up" idea brings us squarely to the objects of this story—to have recited what has already been done by the company as a benefit to the town, and to estimate the prospect of its continuance.

To simplify matters as the story proceeds, details of manufacture will be purposely omitted.

FRANK TANNERY A BIG ONE BUT IT'S STILL GROWING

The tannery folks own and occupy an area of 180 acres of tidewater land with about one mile all told of frontage on Redwood creek.

The buildings, quite conspicuous from their size and location, and accentuated by the 115-foot brick chimney at the engine-house, rather closely cover twenty acres of land.

On the property are four artesian wells, from which are pumped 126 thousand gallons of water per day—three million gallons per month, thirty-six million gallons per annum, all used at the tannery.

The boilers are of 700 horsepower—200 horsepower being consumed in various ways and 500 horsepower delivered to the Nordberg engine in machine room. In addition, thirty-eight electric motors are distributed among the different departments.

The employees are not all tanners by any means, but comprise people of many occupations. Aside from the office force there are engineers, mechanics, steamboat men, carpenters, plumbers, electricians, drivers, warehousemen, watchmen, all of whom operate to pass the weekly wage along to the various channels of every-day activity.

There have been times when the tannery pay-roll came just right to do lots of good.

Banks, tradesmen, railroads, relatives near and far, financiers, promoters, feel the influence of the steadily dropping golden shower.

This is the showing of a single industry—but the principle applies all along the line and raises the question, "if the industry helps the town, should the town not do likewise and treat the industry in a broad and liberal spirit?"

ELBOW-ROOM NEEDED ON OWN PREMISES

As already intimated, the Frank tannery has shown progressive growth from its beginning thirty-five years ago—more land, more and better buildings, better equipment, bigger payroll, larger output.

Steamboats anchor at its docks. On the tide there is water in plenty. At other times vessels that bring in tanbark or other freight tie up at deep water and transfer the cargo to lighters.

In other words, there is transportation at all times on the tide, but there are some difficulties to be overcome when the tide lowers. One resource is, occasional use of the dock at what is termed the deep-water road. This road has an outlet at Holder street near the foot of Main.

Recently the tannery company's business and buildings have spread along to that easement, which has not only become an obstruction to a certain extent, but has practically failed in becoming of use and benefit to the town.

Under these circumstances the tanning company suggested a compromise—

MUNICIPAL WHARF LOCATION PRESENTS FINE POINTS

If that easement could be cancelled through exchange of properties, the Frank tannery folks favor giving the town a site for its municipal wharf at the junction of Holder and Main streets—that is, just east of and adjoining the property of the Peninsula Dock and Warehouse company.

It is for the town to say if that would not be a good proposition. It is claimed the first question the government always asks when taking up applications for channel improvements is, "Where is the municipal wharf?" and it is stated the government carries its work up to that point.

In that case it would be wise to have the municipal wharf right alongside the town center, making it the head of navigation.

Such a plan would greatly benefit the town and it would not conflict with other plans for harbor-front improvement.

Given the proper channel, all owners fronting upon it would feel a pride in maintaining proper dockage facilities.

As the channel becomes obstructed the usual remedy would be applied—dredging from one spot and using the excavated material to fill in low places of embankment.

That process is going on at all times everywhere along tidewater where there are docks.

REDWOOD LOCATION UNIQUE ON MAIN TIDAL CHANNEL

A great advantage that the Redwood harbor possesses is, it is close to the great tidal channel of San Francisco bay, and Redwood creek forms an arm of that channel and empties into it.

Get the idea clearly? There is no such channel on the east side of the bay. The great tidal deep-water channel of the bay hugs the Redwood shore.

Now if the Frank tannery people will put the town into position of establishing a municipal wharf at the end of Main street and making that point the head of navigation, then it appears the tannery folks have made out a doubly clear case for their industry—one as manufacturers, the other as public benefactors.

THE STORY THAT ELUDES ATTEMPTS AT THE TELLING

It has always appeared to the writer that the real story of the Frank tannery has never been told. Perhaps it cannot be. This is only an attempt.

The real story perhaps is hidden between the lines and may or may not have some connection with the four million dollars that the company has distributed in wages, easing the town along over the rough places.

Or it may be that the story—the great principle—is faith in regard to this location as a manufacturing and shipping point.

But somewhere comes in the idea of mutual benefit—of industrial and community interest being closely identified.

What is the real story of this great institution?

As it has not yet completed its history, who can tell?

Decision Sustained

The remittitur in the case of Rosina T. Treadwell against Doctor N. D. Morrison was received from the supreme court at the county clerk's office yesterday morning. That tribunal dismissed the appeal on the ground that the plaintiff had not filed her transcript of the case. The suit was originally commenced in the superior court of this county by Miss Treadwell of Burlingame to recover damages in the sum of $5000 from Dr. N. D. Morrison of San Mateo for alleged malpractice, she claiming that an injured arm was not carefully set by the doctor. The case was tried before a jury and a verdict rendered in favor of the doctor, who was defended in the action by Ross and Ross. Plaintiff at once gave notice of an appeal to the supreme court. However, her attorneys did not prepare the bill of exceptions in the time required by law and Judge Buck refused to sign them. The attorneys then applied to the supreme court asking for a writ of mandate compelling the lower court to sign the bill of exceptions but the supreme court refused to interfere. Ross and Ross then went to the higher tribunal and asked that the appeal be dismissed and this motion was granted.

Administers Old Estate

Public Administrator W. A. Brooke has applied in the superior court for letters of administration upon the estate of Faxon D. Atherton, who died on July 10, 1877. The deceased left a will bearing date of 1870. By the terms of the instrument Domingo G. Atherton, George H. Bowen, Alexander B. Grogan and T. H. Selby were named as executrix and executors. They have long since passed away. At different times A. J. Ralston, H. B. Waters and H. G Plymire have administered upon the estate but died before the affairs of the estate were complete. The object of the present action is to quite title to a certain property at Atherton recently sold by some of the heirs of the Atherton estate.

New Actions in the Superior Court

R. S. Thornton, through his attorney, E. F. Fitzpatrick has brought an action in the superior court against Joseph Petto and others to recover the sum of $1000 rent of the "Thornton Old Ranch" in this countyfor the year 1915. Defendants leased the ranch in 1913 for a period of five years agreeing to pay $2000 a year. $1000 at the first of the year and $1000 at the end of the year. Defendant has failed to settle for the last portion of 1915.

The County of San Mateo has commenced a friendly suit in the superior court against the estate of Thomas W. Moore, deceased, to condemn a certain portion for a right-of-way. The price of the land has been agreed upon and the object of the suit is to comply with the statute.

Judge Buck on Tuesday granted the Mercantile Trust Company of San Francisco, guardian of the estate of Frances S. Howard, an incompetent person, to purchase 600 shares of the capital stock of the Howard Ranch Company, owned by John Kenneth Howard for $80,000. The petition recites that the corporate life of the company will end on September 7, 1916 and according to amended by-laws the time cannot be extended. John Kenneth Howard who opposes and has opposed for a long time the continuance of the company has offered to sell his shares for $80,000 and the other stockholders have agreed to accept the offer in order that the life of the company may be extended. In this way, by a unanimous vote of all the stock, the concern may be continued. By the terms of the by-laws, as amended, it would take four-fifths of the stock to continue the company and J. Kenneth Howard having the required number of shares to prevent this, the petitioner considered it for the best interest of the incompetent to buy Howard's stock. On receiving the money Howard is to buy the "Alfalfa Ranch" at Merced owned by the Howard Ranch Company for $80,000 and this money is to be distributed in dividends to the stock-holders, Frances S. Howard's share being $20,000. The concern was incorporated in 1911 with a capital stock amounting to $260,000, divided into 2600 shares at a par value of $100 each.

Know the Joys of Motorcycling

Sunshiny spring with that invigorating tang in the air will soon be here. *Then* you should know the joys of motorcycling, and feel the freedom of going where you wish, when you wish. Get a

motorcycle with sidecar. You can ride for the sheer joy of riding, leisurely if you wish, or you can open the throttle and travel at the speed of the wind to any desired place, even though it be miles and miles away. "After hours" and Sundays will be all too short for you.
